Chris & Amy -

We just wanted to send you a quick note to say "thank you" for your professionalism during our recent transaction. From our first inquiry, until the day we picked up the boat you were both very cordial and accommodating to our needs. Chris, your non-intrusive sales approach was very much appreciated and allowed us to make a non-pressure purchase decision between the two vessels of interest. Ultimately, as you know, we decided on the '07 Sea Ray 240 Sundancer which is a perfect fit for our family. We will be sure to highly recommend your services to any parties that are looking to acquire or sell. Thanks again.

Sincerely, Ryan & Trish

Please call today to discuss listing your boat with us. People are buying boats and we offer covered slips, extensive and effective marketing, and integrity.
